**Sub: Increase in the size of PRS tickets.**

The issue regarding changing the format of existing PRS tickets to take care of the changed requirements over a period of time has been examined in consultation with CRIS and it has been decided to make the following changes in dimensions of the printable area on the front and reverse of PRS ticket (format enclosed) as under:-

- (i) The existing area of 15.6 cm x 9.6 cm available on the front side of the ticket will only be used for publishing passenger information.
- (ii) The advertisement area will be provided at the reverse side of the ticket.
