No. GIM/Loco/30/15

Dated: 11-05-2015.

To,

Sr. DME (CO)-ADI

Sub: Operation of RCD in GIM area without proper infrastructure and cadre post – Causing hardship to working staff.

--o0o--

Dear Sir,

There are three RCDs are operational at GIM, one in Diesel Shed and second in BG yard. In addition to this one more RCD installed and made operational at MDPT. These RCDs having storage capacity of 280 KL, 210 KL and 140 KL respectively and average off take is about 65 KL per day. The RCD in BG yard having fueling station at different locations/station, and yard area. As you are aware that functioning of RCD involves precious work and day to day accountale for which comprehensive guide line is issued by Rly. Board along with yard stick. In addition to this the infrastructures required is also laid down which is not provided. The complaints received, that there are huge shortage of man power for RCD at GIM and MDPT. The sanction cadre itself is inadequate and needs review so as to provide adequate man power to man the RCD.

It is also noticed that RCD at MDPT is erected temporarily 1 ½ years and functional without proper infrastrucres. The same is continuing without any improvement and there is no space even to seat for accountal. It is also learnt that proposal for staff requirement is submitted to divisional office long back but no any processes seems to have been initiated for the same. It is not out of mention that dealing of RCD having direct responsibility to concern officials, as such staff working under fear and mental tension and facing hardship.

You are, therefore, requested to review the situation so as to avoid prevailing condition of working staff and provide adequate staff, Clerk and infrastructures in larger interest of smooth working.

Action taken be advised.

(R. C. Sharma)
Divisional Secretary,
Ahmedabad.
